## BIG CROWD SEES FINE RACES AT EMPIRE CITY

Boots, a big bay gelding, owned by Oscar Lewisohn, ran off with the last handicap of the year at the Empire City track yesterday afternoon, and did it so easily as to cause shrewd horsemen to remark that for once this year W. S. Vosburgh, the wonderful handicapper of the Jockey Club, had been fooled. Mr. Vosburgh assigned the big gelding to carry only 102 pounds in the Mount Vernon Handicap, the feature event of the getaway day card, and with this trifling weight on his back Jockey Hoffman had little difficulty returning him the winner over a quartet of great horses. After passing the judges at the end of a mile and a half lengths in front of Louis Peacock's W. W. III in the fast time of 1:59, Boots continued a quarter of a mile further as a trial for the Dominion Handicap, a Canadian stakes race, for which he is entered. He travelled the mile and a quarter just as impressively; as he had won the mile race, covering the distance in 2:06 1/2 breasting. Experts who saw his workout proclaimed him one of the best distance runners in the country.

Among those boots left behind him was Andrew Miller's mighty Roamer, which was king of the track last year and a strong favorite for the same position this year. Roamer carried the top weight of 130 pounds, giving twenty-eight pounds by the scale to Boots. But it wasn't the weight alone that caused his defeat. He finished fourth because he had to hold command. Roamer, in fact, appeared to be carried out by Straight Forward in backstretch run. Held others safe in first stages, the burrier, after having clear sailing could not improve his position. King Roamer showed a flash for first half and then retired. Winner bid up to 1:56.
